Due to construction in the Council Chambers, City Council will be holding its regular meetings on February 11th and 25th at the Norman Public School Board Room located at 131 South Flood Avenue. We will not have the ability to provide web streaming from that location or a live broadcast on Channel 20. The meetings will be recorded for play back on Channel 20 beginning Wednesday morning following the Tuesday evening Council meeting at 8:00 a.m., 12:00 noon, and 6:00 p.m. and will continue to play until the next meeting.

Council approved a contract with Cory's Audio Visual Services, L.L.C., for the Audio/Video Replacement Project for the Council Chambers, Study Session Room and Multi-Purpose Room. The project includes replacement of the entire audio, video, and recording equipment currently servicing the Council Chambers, conference room, and lobby area of the Municipal Building as well as the installation of a standalone audio, video, and recording system for the Multi-Purpose Room. The project will also address the poor video and audio quality citizens are currently experiencing when watching City Council and Planning Commission meetings on Channel 20. The project is expected to be completed in March.

Please contact the [City Clerk's Office](#) at (405) 366-5406 with any questions. Additional information can be found on the City website – www.normanok.gov.
